

ZARON METAL SECTIONS
Crafting Precision with Performance

LEADING MANUFACTURER OF SOLAR MMS STRUCTURES & METAL PURLINS

ABOUT ZMS

ZMS was formally established as an independent entity in 2017 and has since become a core pillar of ZARON. Focused on manufacturing solar MMS structures, C/Z/Hat purlins, cleats, plates, and custom steel components, ZMS has built a strong reputation in the solar EPC and infrastructure markets.

ZARON is a dynamic industrial group with multiple subsidiary companies under its umbrella, including the prominent ZARON Metal Sections India Pvt Ltd (ZMS). As one of South India's largest and most advanced manufacturers of structural steel components, we specialize in delivering top-quality solutions for the solar, infrastructure, and industrial sector.

WHAT WE DO.?

We manufacture and supply a range of high-performance structural components that form the backbone of solar and industrial projects

We remain committed to customer satisfaction by delivering reliable, technically sound, and cost-effective structural solutions—on time, every time.

OUR PROJECTS

OUR PRODUCTS

PURLIN C/Z 23 LINE

Web size minimum 70 mm to maximum 350 mm

Flange size Mini 30 mm to Max 100 mm

Lip Size Min 10mm to Max 25 mm

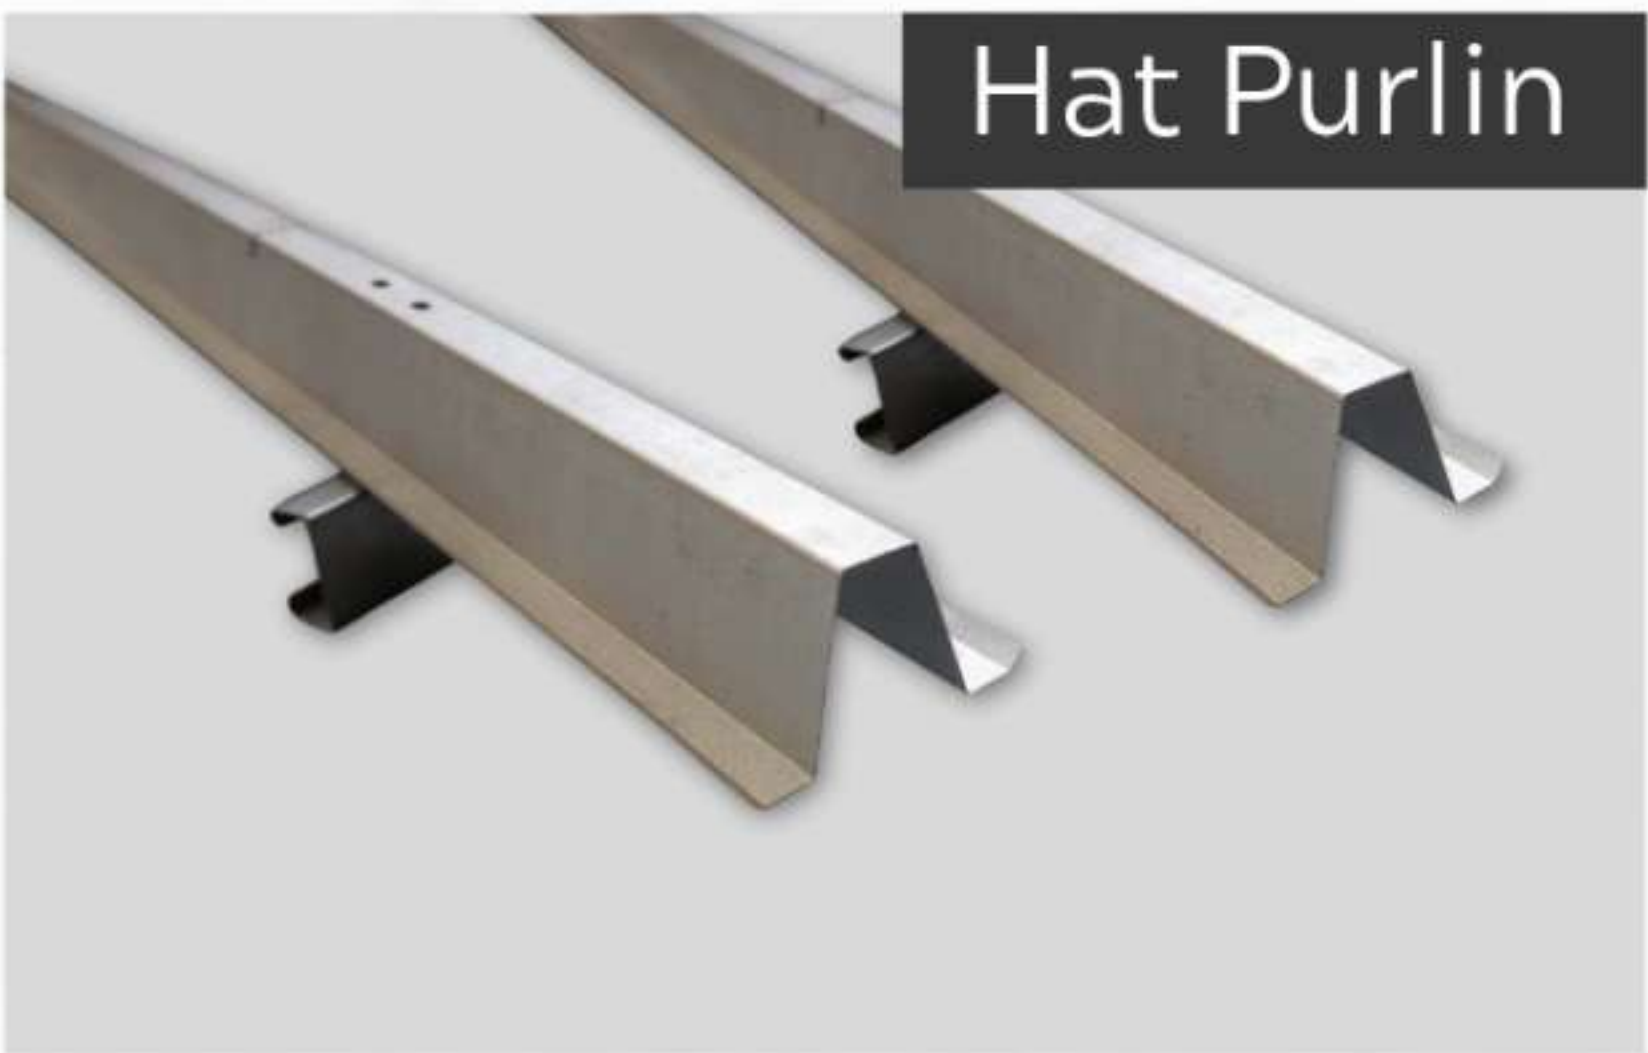

HAT PURLIN – 7 LINE

Height minimum 50mm to maximum 110

Web standard 40 mm

Flange standard 25mm

Lip standard 10 mm

HDG 7 Tank Process:

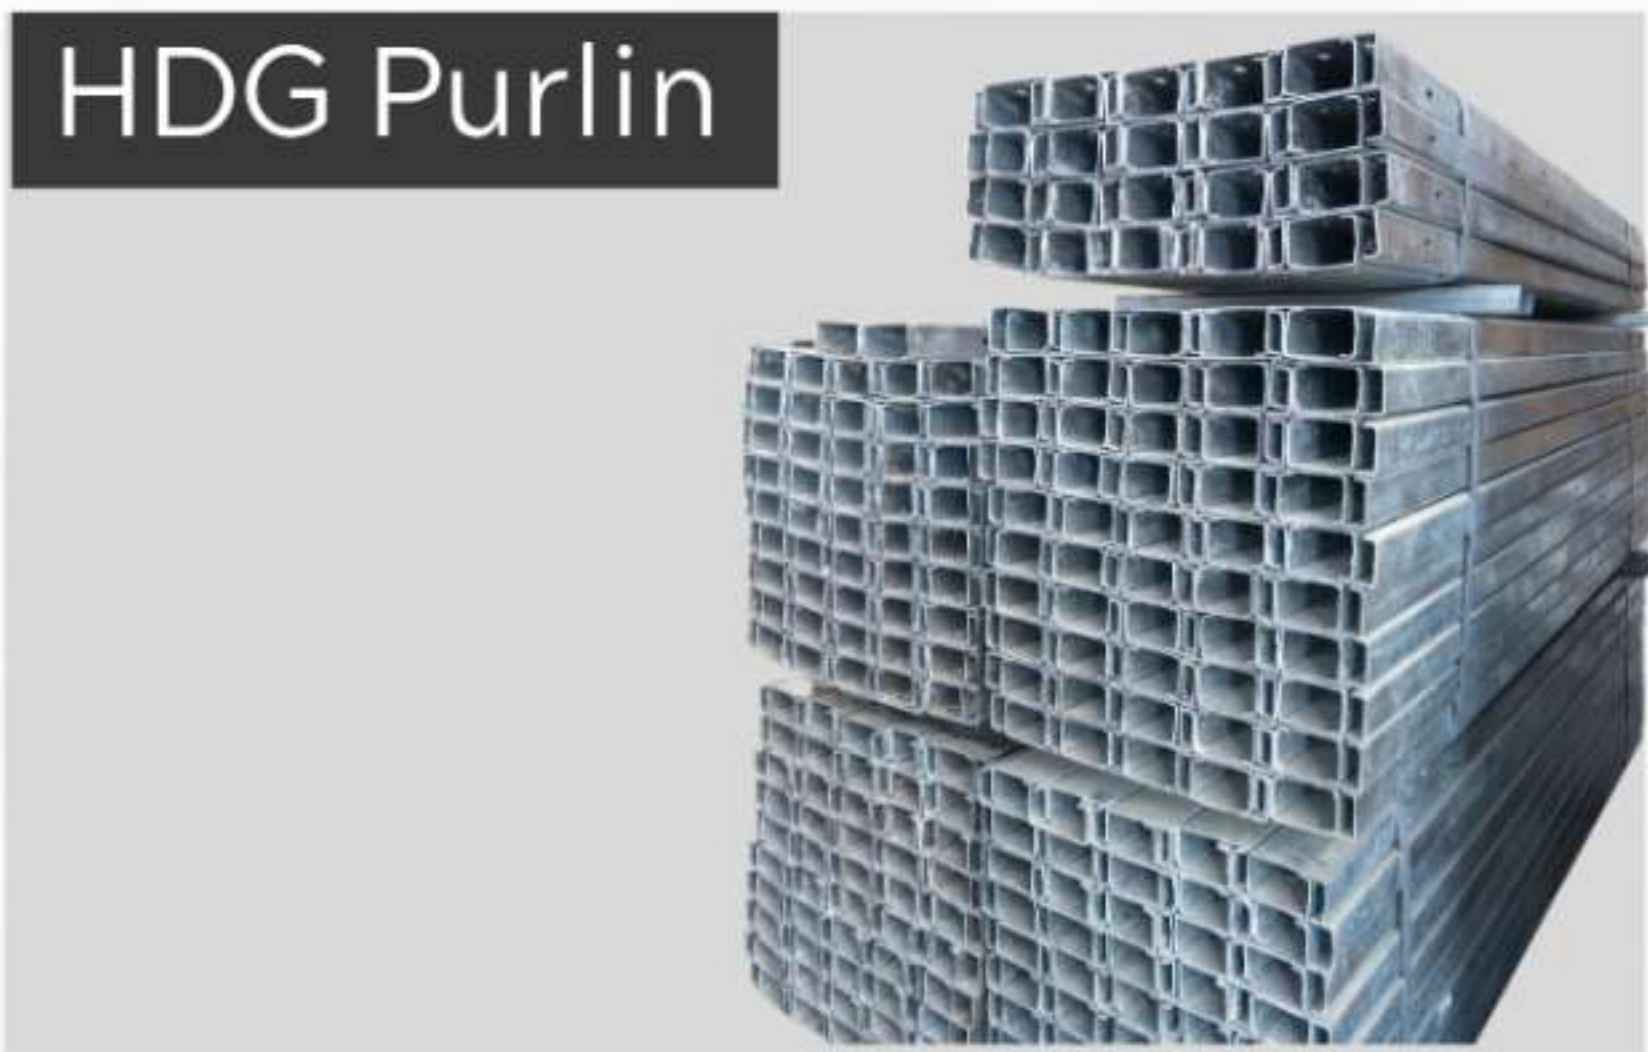

Cleaning, Rinsing, Pickling, Flux Solution, Drying, Zinc Bath and Cooling & Inspection.

Dedicated Laser Cutting - 3 Line

1.8mm to 2.5mm Thickness

ADVANCED 3 LASER METAL- CUTTING MACHINE

1.mm to 10mm Thickness

OUR INFRASTRUCTURE

OUR FACTORY

PLANT A'' – AVINASHI:
2 lakh Sq. ft.

PLANT B'' – PALLADAM:
1.2 lakh Sq. ft.

MATERIAL SOURCING & VOLUME

We are proud to be among the largest buyers of structural-grade steel coils in South India,

Procurement

- Hot Rolled Coils (HRC)
- Pre-Galvanized Coils (GI)
- Galvanized Coils (GL)
- ZAM Coils (Zinc-Aluminum-Magnesium)
